## Preparing the remote control unit

Pull the battery sheet out from the remote control unit to the direction of the arrow.

## Changing the battery of the remote control unit

- Keep on slide
- 
- Use a commercially available button battery (CR2025). Insert the battery with the + and - poles aligned properly, following the illustration inside the case.

- This unit cannot control the function that isn't included in the car audio.

### ⚠ CAUTION

- Keep battery out of reach of children and in original package until ready to use. Dispose of used batteries promptly. If swallowed contact physician immediately.
- Do not leave the battery near fire or under direct sunlight. A fire, explosion or excessive heat generation may result.
- Do not set the remote control in hot places such as on the dashboard.
- Danger of explosion if Lithium battery is incorrectly replaced. Replace only with the same or equivalent type.
