Division: JVCKENWOOD Technologies Singapore

We declare that all evaluations that were necessary for establishing the attached confirmation sheet were performed in compliance with all general and all specific requirements of the EU RoHS Directive 2011/65/EU for the restriction of the use of certain hazardous substances.

Basing on an assessment of the probability of RoHS substances being present in materials, parts or sub-assemblies and on an assessment of the trustworthiness of the suppliers, it was determined what types of documents are required for supplier parts.

We confirm that the EEE equates to the final production status with regard to RoHS.
