

# CR-ST40DAB

KENWOOD

Clock radio with Bluetooth and DAB+

The perfect companion for every morning - the CR-ST40DAB combines stylish design with modern audio technology. The large display not only shows the time, but also important information such as stations and set alarm functions. The display brightness can be adjusted in several levels, and a special low-light mode ensures that the lighting does not disturb you even at night. Thanks to integrated Bluetooth, you can stream your favorite music wirelessly from your smartphone. With DAB+ reception you can enjoy crystal-clear radio sound and a large selection of programs in impressive sound quality via the integrated stereo speakers.
